Dear Customer

A36 Resurfacing sections of carriageway between Standerwick and Norton Bavant

Highways England plans, builds, operates and maintains England's motorways and major A roads. I am writing to let you know we will shortly be carrying out roadworks near to you. A map detailing the location is included within this letter.

What we're doing

We'll shortly be resurfacing multiple sections of carriageway between Standerwick and Norton Bavant. This work is part of Highways England's continuing investment in the strategic road network along the A36 in Wiltshire.

Why and what are the benefits?

The road surface has deteriorated with age and needs to be renewed. We will replace section of the existing carriageway with low noise surfacing. Motorists will notice a quieter, smoother ride.

When will this work take place and what does this mean for road users?

To minimise disruption all works will take place overnight Monday to Friday between 8pm and 6am when there are fewer vehicles on the road. During the day we'll keep the carriageway open as usual. Works will be suspended from 23 to 26 August to accommodate bank holiday weekend traffic.

Our programme of works is listed below, but please be aware precise dates and times of the works may be subject to change due to weather conditions or unforeseen circumstances. Where possible, we'll keep you updated of significant changes via advance roadside warnings.

A36 Thoulstone – 23 July to morning of 8 August 2019

A36 Standerwick – 8 August to morning of 28 August 2019

A soft closure will be in place at the A36/361 roundabout to allow access for residents only, marshals will accompany all vehicles through the works area. A hard closure will be in place at the A350 roundabout. A clearly signed diversion route will be in place via the A361 and A362.

A36 Cley Hill roundabout approach– 27 August to morning of 30 August 2019
4-way traffic lights will be in place.

A36 Crockerton to Cotley Hill/Norton Bavant – 30 August to morning of 11 September 2019

A soft closure will be in place at the A303 to allow access for residents only, marshals will accompany all vehicles through the works area. A hard closure will be in place at the A350. A clearly signed diversion route will be in place via the A350 and A303.

For residents: please accept our apologies in advance for any inconvenience or disruption you may experience during this work. We'll make every effort to carefully manage noise levels and additional lighting to minimise the impact.
