Decs of Interest	2458	There were no declarations of interest.	
Opportunity for the public to speak.	2459	<u>Opportunity for the public to speak.</u> Concern was raised regarding the present siting of the Telephone Box due to the restriction on visibility, when exiting Huntenhull Lane onto A3098. It was questioned as to whether the Kiosk could be moved to a different position on the triangle. This has been investigated in the past. The box is little used but is not at present on the BT list for removal. In 2016 there was a consultation on the need for the kiosk and councillors felt that it should be maintained due to poor mobile signal in the area- both in and out of homes. At that time retaining the kiosk was felt to be necessary in case there was no other option in an emergency. (<i>See Minute number 1585 November 2016 meeting.</i>) Ownership of Kiosk by the council previously raised questions of public liability in case of an accident, cost of removal of services, where to relocate and long-term maintenance. It is a village icon and there is a possibility that if asked to relocate it would be removed completely. The Clerk would look into this matter again and would also seek advice re the visibility aspect of this area from Highways.	
	2460	A query was raised re the increased traffic within the village. Is the Barters planning proposal going ahead and will money from that be allocated for traffic calming? There was further debate on the traffic issues in the village and it was noted that this had a high priority on the Parish Plan.	
	2461	A further query was raised on the lack of grass cutting, restricting visibility on the corner of Huntenhull Lane and the High Street, opposite the Kiosk triangle. This will be raised with	PJ

PJ for reporting to the Parish Steward.
